

MISSION MATH UTAH

SPRING COMPETITION

March 20, 2021

WHAT?

Mission Math Utah, a local student-run nonprofit organization, is hosting our annual Spring Math Competition for children around the community. Both schools and individuals are encouraged to participate. All proceeds from camps/competitions are donated to local/national STEM organizations.

WHO CAN PARTICIPATE?

Anyone between 1st and 8th grade who is interested in competition math or math in general is encouraged to register. We encourage students of all experience levels to come engage in some healthy competition! Schools who enroll multiple students are in the running for a team competition for elementary and middle school. Our competition will have a 1st-2nd grade division, a 3rd-5th grade division, and a 6th-8th grade division.

WHEN/WHERE:

Saturday, March 20, 2021

Online on Zoom from 9am-12 pm
